NOTE -

COVER DESIGNS

FIRST EDITION OF 1875

This edition contained no front or back cover artwork of any kind.

The spine of the book read: SCIENCE

AND

HEALTH

GLOVER

SECOND EDITION OF 1878

This edition contained a Noah's Ark with clouds overhead and turbulent waters beneath on the outer cover.

The spine of the book read: SCIENCE

AND

HEALTH

VOL. II.

GLOVER

THIRD EDITION OF 1881

This edition contained the first "Cross and Crown" seal on each of the front covers of the two volumes. At this early date the Crown in the seal was an earthly Coronet.

The spine of the book read: SCIENCE

AND

HEALTH

VOL. I. (or VOL. II.)

MRS. GLOVER

EDDY

SIXTEENTH EDITION OF 1886

This edition was the first to reflect a change in title to SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES given on the outside cover (spine) of the textbook. Prior to this, as early as the 6th edition in 1883, the inside title page had shown the book to be SCIENCE AND HEALTH WITH A KEY TO THE SCRIPTURES: however, the outside cover made no mention of this "key". The front cover remained the same with the Coronet version of the Cross and Crown. The spine of the book read: SCIENCE

AND

HEALTH

WITH KEY

TO THE

SCRIPTURES

MRS. GLOVER EDDY

FIFTIETH EDITION OF 1891

This edition was the next to reflect any change in the outside cover. In the 50th edition the spine changed to show the text was written by MARY B.G. EDDY The cover remained the same in all other respects.

1908 EDITION

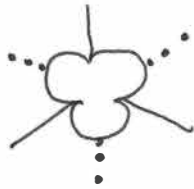

With this edition came the first change in the Cross and Crown seal. In this edition the earthly Coronet was replaced with the heavenly Crown. No other change was made in the Cross and Crown seal or any place else on the cover of this edition. The heavenly Crown remained unchanged thereafter and remained identical in the final 1910 edition.

1910 EDITION

With this edition the author's name was changed on the spine to read MARY BAKER EDDY rather than the previous version of MARY B.G. EDDY but no other changes were made on the cover.

NOTE

It could be pointed out that on the spines of the various editions, beginning with the second edition, a small artistic design was placed just below the title and author's name. In the 2nd edition it was a design in the shape of a three leaf clover with lines or rays radiating out from it (three solid lines and three dotted lines. By the 3rd edition this had been replaced with an artistic scroll similar to a sheaf of wheat. This remained unchanged until the 113th edition in 1897 when there appeared two such designs, one above the other. This then remained unchanged until the 226th edition in 1902 when the designs were dropped and replaced with an irregular stitch-like set of four lines at regular intervals on the spine. This design remained until the final edition unchanged.

NOTE

THESE VARIOUS FORMS OF ARTWORK WHICH APPEARED ON THE SPINES OF THE TEXTBOOKS ONLY SEEM TO APPLY TO THE CLOTH BOUND BOOKS. THE LEATHER BOUND VOLUMES AND EDITIONS DID NOT CONTAIN ANY OF THESE ART DESIGNS, BUT USUALLY FEATURED SETS OF TWIN LINES OR PARALLEL LINES IN SETS UP AND DOWN THE SPINES.

NOTE

ALL OF THE CLOTH BOUND BOOKS FEATURED INTRICATE DESIGNS ON BOTH THE FRONT AND BACK COVERS IN ADDITION TO THE VARIOUS FORMS OF ARTWORK ON THE SPINES.

THE FIRST EDITION HAD NO ART WHATSOEVER ON THE FRONT OR BACK COVERS. THE SECOND EDITION HAD THE NOAH'S ARK ON THE FRONT COVER AND A BLANK BACK COVER. THE THIRD EDITION INTRODUCED THE CROSS AND CROWN SEAL ON THE FRONT COVER WITH A BLANK BACK COVER. THIS REMAINED UNCHANGED UNTIL THE SIXTEENTH EDITION INTRODUCED TWO DESIGN BARS RUNNING ACROSS THE TOP AND BOTTOM OF THE FRONT COVER, WITH THE CROSS AND CROWN SEAL IN THE CENTER. THE DESIGN BARS CONSISTED OF A LEAF-LIKE SCROLL THAT CONSTANTLY REPEATED IN A BAND OR BAR GOING FROM SIDE TO SIDE. THIS REMAINED UNCHANGED UNTIL THE 124TH EDITION WHEN THE SAME DESIGN WAS REPEATED ON THE BACK COVER AS WELL AS THE FRONT. THEN IN 1902 WITH THE 226TH EDITION THE BANDS WERE REPLACED WITH AN INTRICATE PATTERN REPEATING ITSELF ALL AROUND THE EDGES OF THE FRONT AND BACK COVERS. IN THE FOUR CORNERS WAS A SUNFLOWER LIKE DESIGN, AND THE REMAINING BORDERS WERE FILLED WITH THE REPEATED DESIGN OF WHAT APPEARED TO BE A FLOWER WITH LEAVES, STAMEN, AND PETALS. IT WAS WITH THIS 226TH EDITION THAT THE WHEAT SHEAF DESIGN ON THE SPINES WAS DROPPED AND THE IRREGULAR STITCH LIKE DESIGN WAS SUBSTITUTED. THIS COVER DESIGN THEN REMAINED UNCHANGED THEREAFTER.
